

The Original Vita Biosa. Vita Biosa Probiotic Fermented Herb Mixture. This probiotic dietary supplement is a mixture of aromatic herbs and other homeopathic plants, which are fermented by a special EM-based combination of phototropic bacteria, lactic acid and yeast cultures. Vita Biosa is a living product, formulated through natural processes. Vita Biosa is still "alive" when bottled, with the aromatic herbs, which cause the lactic acid bacteria to duplicate much faster, are then removed from the liquid, as the fermentation process continues. Vita Biosa is manufactured in Denmark and is distributed in more than 29 countries.

BioEMSan Hand Cream. This exceptional hand cream is rapidly absorbed and is soothing to the skin, but leaves no grease marks on paper (suitable for the office). A pleasantly fresh and fragrant combination is provided by top quality oils and fats, moisturizing hydrolates combined with EM-X, EM ceramic powders, EM Sea Salt, and EM-fermented herbs. A special feature of the cream is its organic light protection, which safeguards the hands against premature aging due to UV rays.

One 50 ml Dispenser Bottle. Our price \$17.95 **Buy Now >**

BioEMSan Cleansing Milk. Promoting natural cleansing constitutes an important prerequisite for healthy skin. Indeed, skin problems can often be traced to incorrect cleansing. Accordingly, cleaning with BioEMSan Cleansing Milk leaves natural fats and moisture in the skin, while freeing it from particles of dirt in the gentlest possible manner. Olive and pleasure-of-gold oil blended with fragrant hydrolates in combination with EM-X, EM ceramic powders, EM Sea Salt, and EM-fermented herb extracts of rosemary, peppermint, and sage.
One 150 ml Dispenser Bottle. Our price \$22.95 **Buy Now >**

BioEMSan Tonic. After cleansing with BioEMSan Cleansing Milk, spray on BioEMSan Tonic and gently massage it in. Made with fragrant orange blossom hydrolate – a precious byproduct from the steam distillation of essential orange blossom oil (neroli). The additional blend of EM-X, EM Sea Salt, and EM-fermented herbs thoroughly moisturizes the skin and provides the impulses necessary for the activation of cell function. In extremely dry conditions, spray on BioEMSan Tonic and gently massage it in. Subsequently apply cream.
One 100 ml Spray Bottle. Our price \$23.95 **Buy Now>**

BioEMSan Body Lotion. This extraordinary all-natural body lotion is a treat for every type of skin, offering protection against dryness and providing softness and smoothness. This creamy lotion contains fragrant hydrolates of orange blossom and rosemary, aloe vera gel, cold-pressed oils – in combination with skin caring EM-fermented herbs, EM-X, EM ceramic powders, and EM Sea Salt, which supplement this high-quality recipe. No synthetic chemicals or preservatives.
One 150 ml Dispenser Bottle. Our price \$25.95 **Buy Now >**

BioEMSan Body Butter. A feast for the senses! Care for every type of skin and age group. Allow the butter pen to glide over the clean skin and then rub in the butter, which melts due to body heat. Your skin will be smooth and silky to the touch, the connective tissue is strengthened, and the aging process slowed. BioEMSan body butter is a top quality care product, which combines shea butter, coconut oil, and a mixture of essential oils (vanilla, hibiscus seeds, chamomile, cedar, etc.) in combination with EM-X, EM-fermented herbs, EM Ceramic Powders, and EM Sea Salt.
One 70 g Dispenser Stick. Our price \$32.95 **Buy Now >**

BioEMSan Liquid Soap. This outstanding liquid soap is especially kind to the skin. It is produced from valuable, organically-produced olive oil from the first cold pressing with a mild, organic surfactant in combination with EM-X, EM Ceramic Powder, EM-fermented herb extracts, and EM Sea Salt. The result is a gentle, care soap that offers delicate foam with a gentle, fresh fragrance.
One 150 ml Dispenser Bottle. Our price \$11.95. **Buy Now >**

BioEMSan Shower Gel. An enchanting, dry fragrance derived from sandal and rosewood in combination with tropical jasmine and ylang blossom turn the daily shower into a delight. Moreover, even after showing, a delicate cover remains tangible on the skin. Mild, organic surfactants provide gentle, protective cleaning with the core EM ingredients. While aloe furnishes moisture, jojoba and pleasure-of-gold oil enrich care for the skin – even during the shower.
One 150 ml Dispenser Bottle. Our price \$23.95 **Buy Now >**

BioEMSan Lip Balm. Protects against rough and sore lips and is an excellent base for lipstick. The skin does not contain sebaceous glands, which would provide a protective thin oil layer. This is the reason why the lips tend to dry and crack. BioEMSan Lip Balm has valuable organic oils and waxes, which enhance the skin with fat and moisture in a balanced ratio. In addition, it also contains the orange-red oil of the sea buckhorn and the extract of leaves from Indian tree, which provide natural light UV protection.
One 4.8 g Dispenser Stick. Our price \$7.95 **Buy Now >**

BioEMSan Avocado Shampoo. For extra dry and damaged hair. This exceptional shampoo cleans gently and counteracts dryness of the hair and hair matrix. Cardamom, coriander, cedar cist rose, tropical jasmine, and ylang blossom lend the shampoo a delicate fragrance, while avocado oil and shea butter furnish nourishing care. Valuable moisture is provided by fresh aloe vera plant juice, orange and rose blossom, and chamomile hydrolate – combined with core EM ingredients. Furthermore, wheat protein improves combing and gives the hair body and sheen.

One 250 ml Dispenser Bottle. Our price \$22.95 **Buy Now >**

BioEMSan Rosemary Shampoo. For normal and oily hair, and as a protection against dandruff. This shampoo cleans gently and cares for both the hair and hair matrix. Fragrant, pure essential oils (rosemary, sage, lavender, juniper, tea tree, bergamot mint, and basil) combined with EM core ingredients to combat oiliness and dandruff. The scalp is healthy and the hair is easy to comb, glossy, and full-bodied. To attain optimum benefits, the shampoo should be left on the scalp to work for a short period and then thoroughly rinsed out.

One 250 ml Dispenser Bottle. Our price \$19.95 **Buy Now >**

BioEMSan Cream Conditioner. After every wash and for any type of hair. This cream rinse, which has the delicate fragrance of cardamom, coriander, cist rose, cedar, and tangerine strengthens and activates the hair matrix. The herbs have been EM-fermented in combination with EM-X, EM Sea Salt. Prior to each production run hydrolate, fresh aloe vera plant extract is blended with purified water that is microstructured with EM Ceramics. Avocado oil, gold-of-pleasure oil, shea butter, and wheat protein feed the hair and hair ends with valuable care substances.

One 250 ml Dispenser Bottle. Our price \$29.95 **Buy Now >**

BioEMSan Bath Soap. Enriching cold pressed oils such as safflower, coconut, and castor oil are saponified along with organic fats that include shea butter, cocoa butter, and palm oil, and then subjected to a 4-week maturing process. The soap – which has the fragrance of lavender, sage, bergamot mint, juniper, and cypress – gently cleans and moisturizes the skin for pure luxury!

One 100 g Bar. Our price \$7.95 **Buy Now >**
